The square of the orbital period of a planet is proportional to the cube of the semi-major axis of its orbit. Joshua ruled these ovens be deemed unclean. His problem arose when he stopped proposing it as a scientific theory and began proclaiming it as truth, though there was no conclusive proof of it at the time.

The period ensued upon the destruction of the Temple and founding of the Yavne. He went back to the work of Aristarchus and Pythagoras who suggested a heliocentric model many centuries early. Show Now. Shabbat Table.
