I loved reading these Celtic tales, especially the tales from Brittany and Wales as I hadn't read any of those. Definitely more fairy tales than mythology, these would make good bedtime stories Celtic Tales children, told as they are in simple, straightforward manner, and with little emphasis on violence or spiritual matters. BlackfishCity. Notes : This book holds 24 Celtic Tales folktales. There will be lots of things to deal with, but still you can just focus on something like war or improving and forget other stuff.
