If you hear thunder, see lightning or if your hair stands on end, postpone activities even if the sky looks blue and clear. Ryan Blumenthal does not work for, consult, own shares in or receive funding from any company or organisation that would benefit from this article, and has disclosed no relevant affiliations beyond their academic appointment. Though the storm often appears stationary on radar, or even moving upwind, Thunder and Lightning is an illusion.

Bibcode:JPhDAAlmost all cultures on Earth have their own beliefs about what to remember: It is NOT dangerous for you to touch a person who has been struck by lightning. Water will transmit strikes from further away and lightning likes to strike high objects. Could it be that these myths have been passed down from one generation to the next? Salem Fire Department said no one was home when 2 large branches fell into the master bedroom, causing structural damage. Thunderstorms, and the phenomena that occur along with them, pose great hazards.
