I know the school wants to do what's right, but they can't do it. Examples might include: parent directed activities to involve the student in when grocery shopping, guidelines for parents to follow when reading to the student, suggestions of community activities and other guidelines for parents to assure necessary skill practice.

Some possible examples may include: . This statement would be needed only in states that transfer rights at the age of majority. Subject to paragraph d 2 ii of this section, the IEP team of a student with a disability, who is convicted as an adult under State law and incarcerated in an adult prison may modify the child's IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated. For students with the most significant cognitive disabilities, the IEP Team may determine that the Minnesota Test of Academic Skills MTAS is the most appropriate measure of academic skills in reading, mathematics and science.

Information that you as a parent share can also be included in your child's special IEPs Individualized Education Program IEP meetings have often been a source of contention between families and educators as they come together to determine the best ways to educate individual students.
