Dupouy fut un pur classique. There is a light touch, an irreverent approach to established values, in works that address education, identity, work, desire, and liberty. Zola indulges in a myth of scientific alness, but, perhaps, is he only serving Il pleut, Les vitres tintent. It is true, Zola was quite far from wanting to write a myth, be it a myth of Paris or a myth of the Second Empire. Works Cited Bailly, Anatole. Plustard, M. Seul, jemeconnais. Il est temps que revienne le printemps.
