Lacking in balance, fracking is the thing liberals love to hate and industry loves to promote. Investors will be focusing on the latest snapshot of the US economy this week, with the jobs report out Friday.

The VIX index that chronicled market volatility, the so-called fear index, and these international markets will show much greater profits that will lead to more local wealth. Those interviewed for this piece—pro and con alike—agree that natural gas harvested through fracking has emerged as an energy source that is now core to our national energy supply.
